

SERIES R92 FLASHING LIGHT R91 ANTENNA

R92 FLASHING LIGHT CLEAR SIGNALS

Original, elegant and functional design intended to be seen and noticed when the gate is moving, blinker with modulated light, with inbuilt electronic circuit and made in watertight shockproof material.

R91 ANTENNA ALWAYS ALERT

Antenna turned to the frequency of 433.92 MHz, fitted with practical articulated joint for finding best direction.

RANGE R91 - R92 VERSIONS FLASHING LIGHT AND ANTENNA

R92/LR1	230V • with flashing light electronics
R92/LR2	230V • fixed light • without flashing light electronics
R91/AN1/LR1	antenna for flashing light R92/LR1 e R92/LR2
R91/AN1/P1	antenna designed for wall mounting

R92/LR1
R92/LR2

R91/AN1/P1

TECHNICAL DATA

	R92/LR1	R92/LR2
R92		
POWER SUPPLY	230 V AC	230 V AC
MAX BULB POWER	40 W	40 W
TYPE OF BULB COUPLING BASE	E 14	E 14
BLINKING FREQUENCY	1 Hz	fissa
	R91/AN1/P1 R91/AN1/LR1	
R91		
TUNING FREQUENCY	433.920 MHz
